Henry Cabot Lodge on the Monroe Doctrine.

INTERVIEWED IN ENGLAND.

Although a mere statement so far, the Senator says the next Congress will declare it to be an integral part of the policy of this country—Replied to by Editor Stead of The Review of Reviews.

LONDON, Nov. 15.—The Chronicle this morning publishes an interview with Hon. Henry Cabot Lodge of Massachusetts, in which he expresses his views upon the subject of the Monroe doctrine. After going into the history of the doctrine in detail, Mr. Lodge said:

"Nobody in America ever pretended that the Monroe doctrine is a proposition of international law. It is a declaration of policy, and one which people in America have always sustained, and in my opinion always will sustain as of vital importance to the people of the United States. Its bearing upon the subject matter of the Venezuelan dispute is very simple. Each country is entitled to what its predecessor held and no more, for no new rights have been acquired in the interval by either people. The question is what was the true boundary between the Dutch and Spanish possessions. That question can properly be

Settled by Arbitration.

To refuse arbitration and to seize and hold by force disputed territory would open the doors, to any other European that desired to acquire any additional territory in Central or South America. It would totally infringe on the Monroe doctrine. The people of the United States could not regard it as otherwise than a movement hostile to them.

"The Monroe doctrine, it should be remembered, is quite distinct from any question of reparation for injuries received by the subjects of foreign powers at the hands of the governments or people of Central or South American republics. With such questions we have nothing to do, but we can not permit under cover of a demand for reparation or in any other way, new territory to be acquired by any European power.

"Thus far, the Monroe doctrine has remained a mere statement, found only in President Monroe's message, but it is my belief that in the next Congress both house and senate will by formal resolution declare it to be an integral part of the policy of the United States to be maintained at all hazards. American opinion is practically unanimous as to the absolute necessity of upholding the doctrine for the welfare of the country. Moreover, I believe that Europe recognizes our attitude as reasonable and proper."

Editor Stead's Reply.

William L. Stead, editor of The Review of Reviews, having seen the interview with Senator Lodge, replied at length to the statements made. Engaged, he said, would never consent to any veto being placed on the freest possible expansion of the Pacific ocean trade and settlements and the colonizing of the western world. He insisted that it would be absurd to submit the Venezuela question to arbitration, especially with the example of the termination of the Alabama claims as an object lesson. In conclusion, he said, he recognized the fact that Americans were quite in a frame of mind to invent new doctrines if they found that the Monroe doctrine did not apply to Venezuela.

DEBS INTERVIEWED.

Ballotbox the Only Remedy For the Laboring Man.

MILWAUKEE, Nov. 15.—Mr. Victor I. Eger, editor of The Daily Vorwaerts, went to Woodstock, Ill., to interview the imprisoned labor leader, Eugene V. Debs. Debs said, in substance:

"The time of strikes is past, laboring men must strike at the ballotbox. A laboring man who votes for any of the old parties is a slave who is voting the ticket of his master, and he is forging his own chain. I am for silver, but the coinage of silver is no real issue, because it would change nothing in this damnable industrial system that makes slaves of the great majority of the people. Only the complete overthrow of the present wage slavery and the establishment of the co-operative commonwealth will afford a thorough and permanent help."

800,000 ACRES LOST

To the Northern Pacific Railroad by This Decision.

WASHINGTON, Nov. 15.—Secretary Smith decided a very important case yesterday, holding that the eastern terminus of the Northern Pacific railroad is at either Thomson, Minn., or Superior, Wis., instead of Ashland, Wis., as has always been claimed by the company. About 800,000 acres of land is involved, which is lost by the company.

SAN FRANCISCO, Nov. 15.—The attorneys for Theodore Durant have prepared an affidavit of their client to be read in support of the motion for a new trial on Friday, Nov. 22. Two of the principal points on which a new trial will be asked are the ruling of Judge Murphy as to Juror Brown, who was peremptorily challenged by the prosecution after he had been accepted and sworn, and the refusal to grant a change of venue. The newspapers will be attacked in the affidavit for alleged persecution of the prisoner, which the defendant's counsel think led to a prejudice against Durant.

ARMENIAN SITUATION.

True Extent of the Misery Can Not Be Realized Abroad.

LONDON, Nov. 15.—A dispatch to The Standard from Constantinople says: Kutchuk Pasha has been repeatedly summoned to the presence of the sultan, but he steadily refuses to be grand vizier. While the sultan is unable to form a respectable cabinet public opinion everywhere openly clamors for the proclamation of a constitution.

A dispatch to The Daily News says that a careful estimate makes the total number of persons killed outright in the massacres 15,000 and it is probable that 30,000 will die of starvation during the coming winter. It can not be realized in Europe how awful is the situation.

"A number of the diplomatic corps, the correspondent of The Standard continues, remarked to me today that wherever foreign ambassadors had established consuls, the allegation that the Armenians had commenced the disorders had been disproven. Much can be done to stop the massacres, and it is believed that the sultan now recognizes that he must do something."

Means Business.

ST. PETERSBURG, Nov. 15.—Five Russian warships have been ordered to start immediately for the Mediterranean in view of the proposed naval demonstration there arising out of the Armenian question.

Tampered With a Juror.

SHELBYVILLE, Ind., Nov. 15.—James Becker, a well known young man, was fined \$10 and cost and sent to jail for 30 days by Judge Buckingham, for saying to Juror Letsinger, whom he passed in a corridor of the courthouse: "You saw wood, and I will see that you are not forgotten." The case on trial was Albert Rice, charged with assaulting Anna Henry, and Rice was sentenced to three years in prison, yesterday, for the crime. Becker comes of a good family and is a friend of Rice.

Refused Beer in Court.

WICHITA, Kan., Nov. 15.—The application for a writ of habeas corpus for the release of William Meyers, bookkeeper for the Anheuser-Busch Brewing company, who was fined for contempt for refusing to taste beer in court during the progress of a liquor prosecution and testify as to whether or not it was the real article, has been forestalled by the assistant attorney general, who has remitted the fine. Mr. Meyers had refused to pay the fine and was constructively in jail.

An Old Soldier Poisoned.

MAHON, Ind., Nov. 15.—The soldiers' home authorities are investigating the strange death of David Kennard, an inmate who died very mysteriously last Tuesday at Swayzee, where Kennard and several companions were dissipating. The information is that they were taken deathly sick after drinking whisky. Two of them recovered, but Kennard died. There is a supposition among the home authorities that poison was put in the whisky with murderous intent.

An Editor Jailed.

NASHVILLE, Nov. 15.—Criminal Court Judge Anderson yesterday sent W. F. Brooks, editor of The Daily Herald, published in this city, to jail for contempt of court, in refusing to answer before the grand jury questions relating to allegations made in the paper that Sunday laws were openly violated and poolrooms were run openly. Brooks refused to tell the source of his information.

A South Bend Lady's Fate.

SAN DIEGO, Cal., Nov. 15.—Mrs. B. B. Harris of South Bend, Ind., who has been visiting her son here, is missing. In her room was found a letter addressed to her husband, in which she announced her intention to jump from the pier, as she feared she would become insane through worry over her son's health.

Turret Plates For the Oregon.

BETHLEHEM, Pa., Nov. 15.—The Bethlehem Iron company yesterday shipped turret plates for the United States cruiser Oregon to the navyyard at San Francisco. The weight of the shipment was 164 tons. Another shipment, consisting of gun and mortar material weighing 61 tons, was sent to the Watervelt arsenal at West Troy, N. Y.

Starving on the Desert.

LOS ANGELES, Cal., Nov. 15.—It is reported that 25 immigrants on their way to California from Oklahoma are in a fearful condition on the Colorado desert. They have abandoned their worn-out horses and their food is almost exhausted. A Southern Pacific train stopped and gave them a barrel of water.

But Won't Scramble.

CHICAGO, Nov. 15.—Senator William B. Allison of Iowa left the city for Washington. Before leaving he told a Republican leader that his own state would present his name to the Republican national convention and that he would like the support of Illinois, but would not scramble for it.

Murderer Confesses.

CLEVELAND, Nov. 15.—The police here received word from the authorities of Newark, N. J., that an officer was on the way to take possession of Edward Shepard, alias Rice, who has confessed to having murdered McGraw in Newark seven weeks ago.

MARQUETTE, Mich., Nov. 15.—G. Mott Williams has been elected bishop of the new diocese of Marquette on the second ballot: 24 out of 40; clergy: 8; lay: 16.

GOTHAM JEHSU OUT.

Cabmen Strike to Sustain Their Union.

ENTIRE SERVICE CUT OFF.

Police Protection Will Not Be Given the Nonunion Men Unless Violence Is Indulged in by the Strikers—Private Drivers Joining the Ranks, William C. Whitney's Among Them.

NEW YORK, Nov. 15.—The cab drivers employed by the stable of Seach & Son all went on a strike Monday, and yesterday all the Liberty Dawn association cabmen and the stablemen of the Rising Sun association were ordered to stop work and inaugurate a sympathetic strike to support the demands of their fellows. Until afternoon, the strike had not assumed serious proportions, although the Seach stables had been besieged by cabmen and police protection had been necessary for the men who took their places.

Last night the cab business of the city was nearly at a standstill. The number of cabmen who have left their seats in response to the organizations' order, is estimated at from 500 to 1,000, and several hundred stablehands are off duty. The cab service of most of the hotels and theaters has been cut off. Yesterday morning 20 cabs were sent out by Seach & Son with a policeman on the box of each cab to protect the driver. In the course of the day, the strikers induced half of the recruited drivers to desert.

A committee called on Police Commissioner Roosevelt to say that the presence of uniformed policemen on the cabs would tend to provoke violence rather than prevent it.

Mr. Roosevelt and Chief Conlin agreed that so long as there was no disorder the manning of cabs with officers was unnecessary. The committee also explained that the new men employed in place of the strikers did not have the licenses required by law.

The original cause of the strike was the employment of nonunion men at the stables where the trouble started.

William Seach said he could not and would not take the strikers back in a body, and he proposed to attempt to fill his cabs with nonunion drivers under police protection. He said he was not opposed to the union, but he did propose to employ any man whom he desired, whether union or nonunion. The strikers said that they did not insist upon Mr. Seach employing union men only, but they desired all nonunion men employed by him to join the union, and if they refused, that they be discharged.

Seven drivers, who were supplied to private families, including one employed by William C. Whitney, joined the strikers.

The manager of the New York Cab company said that that concern was not supplying carriages, or cabs to the hotels served by Seach & Son, and although the company had the privilege of furnishing carriages to members of the Knickerbocker club before Seach & Son were employed, the company had declined to answer calls from the club.

ARCHBISHOP NICHOLAS

Of the Russian Church in Alaska Is Greeted by Syrians and Arabs.

NEW YORK, Nov. 15.—About 650 members of the Russian Brotherhood of Syrians and Arabs in this city greeted Archbishop Nicholas of the Russian church in Alaska on his arrival yesterday in Hoboken, on the steamship Havel. The Russian consul was also present.

The members of the society formed an aisle through which the archbishop passed to his carriage. As he passed down the aisle each person kissed his hand. The archbishop was accompanied by two priests of the Russian church. He entered the carriage with the Russian Orthodox church, where a brief service in honor of his arrival was held.

This afternoon, the archbishop will go to Bridgeport, Conn., and will return Saturday. He will then go to Allegheny City to dedicate a school there. He will also endeavor to raise money for the erection here of a church for the Syrians.

FRIENDS OF MAXIMILIAN.

One Who Maintained That the Emperor Could Have Escaped.

NIAGARA FALLS, Nov. 15.—Mrs. Mary Benfield, widow of William Benfield, died at St. Catherine's, Ont., the other day. She and her husband were warm friends of the Emperor Maximilian and the Empress Carlotta of Mexico. They played prominent parts in the closing scenes of the emperor's life when they were taken by Juarez and had to flee for their lives in disguise. Mrs. Benfield always maintained that if the emperor had followed her husband's instructions he might have escaped with the empress. She left many relics of her court life in Mexico, including portraits of Maximilian and Carlotta. Mrs. Benfield's body has been taken to Kentucky for burial.

Children Get a Dollar.

NEW YORK, Nov. 15.—The will of Albert W. Johnson, a prominent merchant of Brooklyn and brother of former representative Johnson of Ohio was filed for probate in the surrogate's office in that city yesterday. The deceased left an estate valued at \$300,000. To each of his three children he leaves \$1. The balance of the estate he bequeaths to his widow, Mrs. Helen L. Johnson.

Special Reports to The Manufacturers' Record For the Week.

Details are published of the machine shops to be built at Alexandria, Va., by the Southern Railway company at a cost of about \$250,000, to employ, when in full operation, 500 to 600 hands.

Austin Corbin of New York is preparing to build 60 miles of railroad in Arkansas to reach a large cotton plantation which he and others own and to open up adjacent land.

REFORM ASSOCIATION.

Invitations to Christian Organizations to Participate.

PITTSBURGH, Nov. 15.—Hon. Felix R. Brunot, president of the National Reform association, has issued a call for a meeting of that body in the North Avenue Baptist church, Baltimore, Dec. 12-13. The object of the convention, as announced, will be to "consider the vital issues of the hour; to promote all wise measures of reform and to seek such an amendment to the constitution of the United States as will suitably acknowledge God, the authority of the Lord Jesus Christ and the supremacy of his law over the nation." All Christian churches, societies of Christian Endeavor, and other young people's unions, Women's Christian Temperance unions, and all kindred organizations are invited to send delegates to the convention.

Madame Merchant Kills Several.

MARSEILLES, Nov. 15.—A wine merchant, M. Domergue of Montpellier, has suddenly become violently insane and has already killed a number of people. He shot his wife and mother and then opened fire upon people in the street, killing three of them and wounding several others. The madman then barricaded himself in his house and fired upon the gendarmes who surrounded the building. The fire department was called out and turned a stream on him before he was secured.

General Harrison in New York.

INDIANAPOLIS, Nov. 15.—General Harrison left for New York at 2:15 o'clock yesterday afternoon over the Pennsylvania limited. He will reach New York this afternoon at 2 o'clock, and in the evening will preside at a meeting in the interest of foreign missions, in Carnegie hall, at which ex-Secretary of State John W. Foster and the Rev. Francis Clark of Boston will be the speakers. He will probably not get back in time for the conference of Indiana Republicans next Wednesday.

Two Convicts Recaptured.

LOGANSPORT, Ind., Nov. 15.—Joseph Risco and Andrew Bocoski, who escaped from the northern Indiana penitentiary, have been recaptured after a hard fight. Bocoski and Risco are old comrades, and both deserters from the German army. They drifted into America, and at the same time drifted into bad habits. Bocoski was sent from here Nov. 15, 1884, after a series of burglaries, and found his old comrade also in prison for like offenses committed in Lake county.

Rapid Increase in Family.

KYANA, Ind., Nov. 15.—Born to the wife of James P. Bushway, a daughter, Nov. 12, 1895. This announcement will have no interest to the outside world until it is known that this child has a sister, born of the same parents, and five months and two days her senior. Mrs. Bushway is said to be as much surprised as is the dazed father. The attending physician claims to have read of similar cases, although he never before met one personally.

Damages For Breach of Promise.

LAFORTE, Ind., Nov. 15.—The action for breach of promise brought by Pearl Hammond against David H. Wing for \$5,000, has been placed on the calendar for trial at the November term of court. The complaint recites that she became engaged to Mr. Wing when she was 14 years old, and that about the time appointed for their nuptials he married another young lady. Miss Hammond has engaged Lieutenant Governor Nye as her attorney.

Gone to the Happy Hunting Ground.

MARION, Ind., Nov. 15.—Cammelus Awstawanawaw, an Indian, on the reservation east of here, committed suicide by shooting himself. He lived only a short time after firing the shot. There is no reason given for the act, except that firewater had the best of him. He was a member of the Miami tribe, and at one time was very wealthy, but through bad management, lost his property.

Lottery Fraud Order.

WASHINGTON, Nov. 15.—Postmaster General Wilson issued a general fraud order yesterday including all the alleged lottery companies, both in the United States and elsewhere, and directing all postmasters of the country to mark mail sent to these companies as fraudulent and return it to the senders.

CRAZY SAILOR AMUCK

Entire Crew Victims of a Maniac's Gun.

JACKSON STRIKE IS ENDED.

Senator Sherman Reported Ill in Washington—Wood Mower and Reaper Works Claim They Are Doubly Taxed—Alleged Pension Fraud—Lima Oil Advanced.

TOLEDO, Nov. 15.—While the schooner Aunt Ruth was lying off the Marblehead coast, Wednesday night, a Norwegian sailor known by the name of Pete, attacked one of the crew with a revolver. A scuffle ensued, in which the entire crew took part and overpowered the frenzied man. He stepped back and opened fire into the crowd and the first man to fall was the captain, Adam Konna. The next two shots took effect in the leg of Joe Konna, a son of the captain. Pete was in turn shot by another son of the captain, but was not seriously injured. He was bound to the mast and the marshal of Sandusky summoned, who took him in charge. The captain and injured members of the crew are at the marine hospital at Sandusky.

JACKSON STRIKE ENDED.

The News That Comes to the Springfield Coal Company.

SPRINGFIELD, O., Nov. 15.—The Springfield Coal and Ice company of this city received a telegram from the Superior Coal company of Wellston Wednesday officially notifying them of the miners' strike in the company's mines in the Jackson district and that they have been out for three days. The miners at this mine are the first to raise an objection to the decision given out by the board of arbitration on wages.

Their report was made a few days ago and it fixed the rate per ton for the Pennsylvania mines at 55 cents per ton and the Ohio district mines at 9 cents higher, or 64 cents per ton. These men have been working at a rate of 55 cents per ton all summer with the understanding that the rate would be raised in the fall. When fall came the matter was left to the arbitration board, who decided not to return to the old rate of 60 cents per ton in the winter, but that the rate should be only 55 cents per ton. News comes now that the men have decided to return to work.

Double Taxation Claimed.

COLUMBUS, O., Nov. 15.—Mr. E. P. Bradstreet of Cincinnati appeared before the state board of tax remission yesterday and asked for a remission of the taxes assessed against the Walter A. Wood Mower and Reaper Manufacturing company of Cincinnati, which has \$50,000 listed. The claim is made that the establishment in Cincinnati is but a distributing agency, the goods never being unpacked and that as they are taxed at the home office in New York they should not be taxed in Ohio.

To Go to a Clergyman.

COLUMBUS, O., Nov. 15.—Mr. Henry Arnett, son of Bishop Arnett of the A. M. E. church, is one of the latest candidates for appointment to a clerkship in the state auditor's office. Mr. William Blackburn, another Wilberforce man, who was a clerk at the state headquarters during the campaign, is also a candidate for the place in the auditor's office which is to go to a clergyman.

Strange Crime From Jealousy.

CLEVELAND, Nov. 15.—James Ress, a young man living on Lawn street, lies at death's door, attended by Miss Kittie Brin, whom he is engaged to marry. Wednesday night after leaving her home he was attacked by a man who clubbed and kicked him into insensibility. He says his assailant was a married man with two children, who unsuccessfully sought to win the regard of Miss Brin by representing himself to be a single man.

Alleged Pension Fraud.

COLUMBUS, O., Nov. 15.—Deputy United States Marshal Mason yesterday arrested Theodore F. Dewey at Osborn on four warrants, charging him with pension fraud. The prisoner is a son of Judge Dewey of Greene county. He was taken to Dayton and, being unable to furnish bail, was committed to jail.

The governor left at once, and an hour after his departure the death of Seymour Matthews was announced. There are two daughters living. He has been ill but was thought to be improving when the governor left him a week ago.

"UNREST,"

Says Ex-Congressman Bynum, Caused the Late Landslides.

INDIANAPOLIS, Nov. 13.—Ex-Congressman William D. Bynum has a peculiar theory with reference to the late election, which he does not regard as a hopeful sign. "The election results for the past few years," says Mr. Bynum, "indicate to my mind an unrest among the people of this country that ought to set us to thinking. This unrest leads the people to strike at the party in power. We see it in the municipal elections, in State elections, and in national elections. In any form of government, save a republic, this unrest would break out in a revolution."

"It is all nonsense to say that the tariff had anything to do with the results of the recent elections. The manufacturers themselves are perfectly satisfied with the Wilson law. It is all they want. Most of them are better protected under it than they would be under the McKinley law, and it is a greater revenue law than the McKinley law. I attribute these sudden turns in elections to the unrest of the people. The great combinations of wealth in this country are leading the common people to strike back, and it is only natural that they should strike the party in power, no matter what it may be."

QUEER RULING, THIS.

It Would Hardly Hold Good in This State.

NEW YORK, November 13.—The trial of Albert Stevanski, of Perth Amboy, in the court of Quarter Sessions, at New Brunswick, on the charge of arson, came to a conclusion yesterday with the acquittal of the prisoner, although it was practically admitted that he had set the fire as charged. The acquittal followed the raising of a point of law which appears to have escaped lawyers in the State for years. The point was taken by Warren B. Schenck, and resulted in the court deciding that where a man set fire to his own house or property it was not arson; and, further, that a tenant is the owner of the house he occupies. The attempt to burn the house was made on April 16. On that day some one placed a dripping pan filled with burning coal under a bed in the room occupied by the prisoner, in such a manner that the fire from the coals communicated readily to the bedding. It was proved in the trial that a short time before the fire the room had been well furnished, but that immediately after the discovery of the fire the valuable portion of the contents were missing. The fire did little damage.

FIRE INSURANCE.—Duley & Baldwin.

The November term of the Mason Circuit Court will convene next Monday. There are eighty new suits on the docket, fifty common law and thirty equity. Ten divorce suits have been filed since last term.

A GOOD THING

The wide-awake merchant never loses an opportunity to increase the number of his customers. He's out for business at all times. Experience has demonstrated that if you wish to reach the people you must advertise.

An Ad.

In the BULLETIN.

If you wish to let the people of this city and surrounding country know what you have to sell, advertise in the BULLETIN. There is no better medium through which to talk to them of the bargains you offer.

TRY IT,

"TEMPERANCE SUNDAY."

A Letter From Bishop Dudley on the Subject—Sermon Sunday by Rev. D. D. Chapin.

Rev. D. D. Chapin, rector of the Church of the Nativity, is in receipt of the following letter:

LOUISVILLE, KY.

Reverend and Dear Brother: The twenty-third Sunday after Trinity, November 17th, has been designated by the Church Temperance Society, as "Temperance Sunday," on which day the cause represented by that society will be presented. It is hoped, to all our congregations.

I write to ask that you will join in the crusade against the devil's mightiest agent, upon that day. Tell your people plainly, directly, honestly the evils of intemperance, and urge them to make persistent efforts to overthrow its organized power. Set before your people the true principles of temperance as laid down in the New Testament Scriptures, and show that upon them all good men can unite. God give you grace to speak boldly as we ought to speak. Faithfully yours, T. D. DUDLEY, Bishop of Kentucky.

In accordance with the foregoing the subject of the sermon at the Church of the Nativity next Sunday morning will be "Temperance."

River News.

The river is rising slowly at most all points above here.

The small packets ought to be able to resume business early next week.

It is said the new Virginia has the finest outfit of any packet that ever left Cincinnati.

The Barretts will probably rebuild the Sidney Dillion and the B. S. Rhea, burned at Cincinnati recently.

The new towboat Tornado is now completed at Pittsburgh. She will be held in readiness to proceed South with a tow of coal on the first water.

The water from Pittsburgh had reached Wheeling yesterday at noon. The gauge showed 4 feet 2 inches and still rising. It will be along here in a few days.

It is probable that John Barrett & Son will build a sidewheel boat for the Madison and Louisville trade. Captain Barrett is at present looking for a boat to fill the place of the B. S. Rhea, temporarily.

Rivermen are much interested in the decision of the supervising inspector of steam vessels in regard to the rule adopted at the last meeting of the Board of Supervising Inspectors, requiring steamboats on the western rivers to sound a bell while laid up along the bank during a fog. Section 6 of the pilot rules provides that a boat moving during a fog shall sound her whistle once every minute, and all boats laid up along the river shall reply by sounding a bell once a minute also. Boats on the right bank of the stream, going down, are required to tap the bell once, while those on the left must strike two taps.

A Very Cold January.

Since the earthquake which Rev. Irl R. Hicks, of St. Louis, predicted came on schedule time, interest in his remarkable predictions has increased. The following written by him September 14th, will be read with interest: "January, 1896, promises to be a very extreme period of winter storms and cold. The same causes will then perturb and intensify the elements that existed at the time of the destructive cold waves in February, 1895, with the exception that Jupiter has largely lost its intensifying force over the situation at that time. A comparison of the storm diagrams for February in our 1895 almanac, with the storm diagram for January, in our 1896 almanac, will impress any reader with the fact that the same combination of causes will exist in January, and the prudent observers will reasonably expect, in a great measure, the same kind of phenomena. He who provides bountifully against severe winter storms and great cold, even far to the South, will find that all outlays at all within reason's bounds will bring him corresponding reward."

Postmaster Everett of Mt. Sterling Short.

A special from Mt. Sterling says that Postoffice Inspector Fletcher has turned over the Mt. Sterling postoffice to the bondsmen of G. C. Everett. Everett is short in his accounts \$2,050. The shortage is believed to arise from careless business methods, and not from any dishonesty on Everett's part. Howard Anderson has been placed in charge as the representative of the bondsmen.

INGERSOLL THE INFIDEL.

Challenged to a Public Discussion of Christianity, But He's Not Anxious for a Debate.

COLUMBUS, IND., Nov. 12.—At the conclusion of the services at the Christian Church to-night, Rev. Z. T. Sweeney, the pastor, read to the congregation the following letter:

COLUMBUS, IND., Nov. 1, 1895.
Hon. R. G. Ingersoll—Dear Sir: A number of persons interested in the cause of Christianity, but not of sectarianism, and desirous of ascertaining if you will meet in public debate a defender of Christianity and a representative of the people known as Disciples of Christ, or Christians, and under the rules governing a properly conducted discussion, debate the following propositions, viz: First—The Christianity of the New Testament is a human institution. You affirm. Second—The Christianity of the New Testament is a divine institution. We affirm.

In the interest of truth, I am, sincerely, Z. T. SWEENEY.

The above was taken to Mr. Ingersoll's hotel by the committee named below after his lecture in this city November 1, but he excused himself, being ready to retire. They then sent it accompanied by the following letter:

November 1, 1895.
Hon. R. G. Ingersoll: It was our intention to present the accompanying letter and receive your reply. Will you be kind enough to give reply as may suit you at an early date, if possible before you leave the city. Yours, W. T. STRICKLAND, MARSHAL HACKER, B. M. HITCHINS, J. S. IRWIN.

The gentlemen whose names are attached to the last letter are all elders in the Christian Church, and are among the most influential citizens of southern Indiana. They represent the bench, the bar, the banks and manufacturers of the city.

Rev. Mr. Sweeney is the pastor of the largest church among the Disciples and represented the United States Government at Constantinople during President Harrison's administration. He is a thorough representative of his denomination. He says the challenge is neither limited to time or place. Mr. Ingersoll replied, "No answer now," when he read the challenge, since which time he has not been heard from.

The two most critical times in a woman's life are the times which make the girl a woman, and the woman a mother. At these times, Dr. Pierce's Favorite Prescription is of incalculable value. It strengthens and invigorates the organs distinctly feminine, promotes regularity of the functions, allays irritation and inflammation, checks unnatural, exhausting drains, and puts the whole delicate organism into perfect condition. Almost all the ills of woman-kind are traceable to some form of what is known as "female complaints." There are not three cases in a hundred of woman's peculiar diseases that Dr. Pierce's Favorite Prescription will not cure.

PROPOSED NEW RAILROAD.

It is said the One From Maysville to West Liberty, Ky., is Now Assured.

Brief mention was made yesterday that press dispatches announced that the proposed railroad from Maysville to West Liberty, Morgan County, was now assured. The dispatch was from Morehead, Rowan County, and stated that President Reynolds, of the Hixson-Rodbourn Lumber Company, who went to New York ten days ago to organize a company, in a letter to his son Walter says he has already disposed of 250 shares at \$1,000 a share, and that he feels confident of disposing of the balance of the stock without any difficulty.

The dispatch adds: "The road commences at Maysville and runs via Johnson Station, Flemingsburg and Hillsboro over the Cincinnati, Covington and Ashland tracks (the narrow gauge). From Hillsboro to Pine Springs the road will have to be built, a distance of fourteen miles. From Pine Springs to Rodburn it will run over the Hixson-Rodbourn Lumber Company's track, a distance of ten miles. From Rodburn via Elliottsville and Sandy Hook to West Liberty, a distance of thirty-two miles, it will be built."

"The road in all will be sixty-eight miles in length, and will be called the Ohio River and Eastern Kentucky Railroad. It will shorten the distance from Morehead to Cincinnati ninety-five miles, and will also give Morehead the advantage of competition in freight rates.

"It will open up the vast canal coal fields of Morgan County, which are said to be the finest in this country. It will also develop a fine timber and farming country. The Hixson-Rodbourn Company have 200 men employed on their lumber road to Pine Springs, which will be completed in two weeks."

If the above is true, and the BULLETIN hopes it is, the projectors contemplate making a tariff arrangement with the L. and N., allowing them the use of the latter's tracks between Maysville and Johnson Junction. According to a previous dispatch the narrow gauge from Johnson to Hillsboro would have to be converted into a standard gauge.

The Edwards Heirs.

Twenty-seven of the Edwards heirs met at Ashland this week, to decide upon a definite plan toward securing a fortune of \$40,000,000 said to be due them in New York City. The matter has been in litigation for years, says a special, and a meeting of the heirs was held something like a year ago at Ironton, Ohio, since when, it is claimed, important progress has been made in the case. At the meeting this week letters were read from the attorneys who have charge of the matter in the East, all of which were very encouraging to an early settlement of the estate.

HARD ON YALE.

Sensational Episode in the Christian Workers' Convention.

NEW HAVEN, Nov. 15.—Yesterday was the last day of the Christian Workers' convention and contributed the most sensational episode of the term. Mrs. Potat, wife of the Rev. E. M. Potat, pastor of the Calvary Baptist church, where the convention is being held during an address said:

"I would as soon send a son of mine to Yale college. I make this statement before the newspaper reporters, and I would make it to President Dwight himself."

She said she had seen many Christian young men ruined at Yale. The first year, they were good, the second they had pipes in their mouths and the third they had disappeared.

Other speakers followed, but did not indorse Mrs. Potat's remarks. They said that if Yale college was to be discussed it should be in comparison with other colleges.

SURELY MURDERED

And the Body Placed on the Track to Cover the Crime.

DETROIT, Nov. 15.—The terribly mangled remains of Luther H. Beecher, 22 years of age, and a member of one of the most prominent families in Detroit, were brought to his home late last night by the young man's parents.

The body had been run over late the previous night by a Michigan Central train three miles from Lapeer, but is believed that Mr. Beecher was murdered and robbed and the body laid on the track to cover up the crime. His watch, shoes and \$20, the contents of his purse, are missing, but the perpetrators of the crime are as yet unknown. There is nothing to indicate suicide. Beecher was making a bicycle trip from Detroit supposedly to Mayville and was seen at the next station, two hours before the fatal train passed. The engineer saw his body but not in time to stop the train.

Went Off Well Loaded.

DALLAS, Nov. 15.—C. H. Howard, late of California, and who recently came to Dallas from Hot Springs, killed himself here by taking poison in a cup of coffee. He had spent all his money except some small change, on a protracted spree at Fort Worth, and when he returned to Dallas his wife declined to live with him longer. He then drank the poison in a restaurant, walked into a saloon and drank down two glasses of whisky, saying: "I am going to die and shall go off well loaded."

NEW YORK, Nov. 15.—After spending two months in America, part of which time he spent in exploring the great northwest, Henry M. Stanley, the African traveler and member of parliament, took passage for Liverpool on the White Star liner Majestic. Mr. Stanley, besides looking over British America, has visited the Pacific slope and also made brief visits to many of the larger cities of the Union.

Gale on the Eastern Coast.

ATLANTIC CITY, Nov. 15.—A heavy northeast storm is raging along the South Jersey coast. The sea is running very high and the meadows here are completely submerged. The same condition of affairs is reported from Sea Isle City. Railroad travel has been much delayed.

Indian Territory Affairs.

FORT GIBSON, I. T., Nov. 15.—S. H. Mayes, principal chief of the Cherokee nation, in his annual message to the national council, recommends legislation be enacted that would prevent the monopolizing of the public domain for speculative purposes. An aggressive policy was recommended in regard to removal of the intruders. He also recommends that a committee be appointed to confer with the Dawes commission.

A son of "Bud" Bradford died last night at the home of the family on Canady's Creek, aged about twenty years. His death was the result of a surgical operation performed some time ago. The funeral occurs to-morrow at 11 a. m., at the residence, with services by Rev. N. G. Grizzle. Burial in the Mayville Cemetery.

Good Use For Old Lace.

Odds and ends of lace may be turned to a very pretty and artistic use, as an ingenious woman has just discovered. Take a frame of any size of white wood or very heavy pasteboard and enamel it white, giving at least three coats. Before the last coat is dry spread the lace smoothly upon it, before the frame was painted having arranged just how it was to lie. You must not move the lace after it is once laid upon the damp paint or the interstices will have a sunken look. Let it all get thoroughly dry and paint over the entire surface with silver or gold paint. The filigree result will puzzle one not in the secret. Glove, work or handkerchief boxes which have lost their beauty may be freshened by this simple process.
